Access Instructions for Department Roster Updates Online

If you are a Chief or FRA of your department, you have been granted access from KSFFA to the online “Info Hub” where you can make updates to your department roster and pay bills online. You may make changes to your roster throughout the year to keep it current and up to date.

If you follow this link, it will take you directly to the login page where you will be able to create an account/login. **If you are unable to create a login, please contact KSFFA for assistance.**

<https://kansasstatefirefightersassn.growthzoneapp.com/MIC/Login>

Once logged in, you will see your personal information under **My Info**. From there, click on **Related Contacts** to update (add, edit, delete) the rest of the department. **Please do not add yourself to the related contacts list or it will create a duplicate account for you.**

As a reminder, **the invoices do not update automatically update**. If you change the number of members on your roster you will need to call or email us so that we can update your invoice amount (in the case you are utilizing Firewire or NVFC Memberships). **Please do not submit payment until your roster online is updated.** The members listed on your online roster will be the members who will be paid for the year. You can update at any time throughout the year, but must contact the KSFFA Office for officially updating NVFC or Firewire subscriptions and submit additional payment as needed.

Your Contact Info

You'll find your personal information on the **My Info** menu on the left. If you have recently relocated or have a new phone number or email address, please update your information so that we can maintain up-to-date records. To make changes, simply click the pencil icon button next to the item to be updated. It is important we have everyone's email address.

For Members with Department Roster Access

You can access your department roster by clicking on the Related Contacts tab across the top of the page (from within the My Info menu). **Please note, you won't see your own name on the related contacts tab since you're logged in as yourself. Rest assured, you're on the list!**

- To make changes to any of your members' information, simply click the pencil icon button to the right of each person's name (under the actions column).
- Click the Add Contact button to add new members.
- To delete a member, click the pencil button next to their name. From that window, there is a red delete button that will remove them from your roster. It is important you delete old members and recreate new members!

If you have any questions or have trouble with the online account, please contact the KSFFA office and they would be happy to walk you through it, or you can mail back the KSFFA Roster Form included here.
